Dear Head of Council:

Ontario's housing supply crisis is a problem which has been decades in the making. It will take both short-term strategies and long-term commitment from all levels of government, the private sector, and not-for-profits to drive change. Each entity will have to do their part to be part of the solution.

To help support this important priority, I am pleased to provide you with an update on recent legislative and regulatory changes our government has made to help get 1.5 million homes built over the next 10 years.

Bill 109, the *More Homes for Everyone Act, 2022*

Bill 109, the More Homes for Everyone Act, 2022, was introduced on March 30, 2022 and received Royal Assent on April 14, 2022.

As part of the government's More Homes for Everyone Plan, Schedule 5 of Bill 109 made changes to the Planning Act. Consequential changes were also made to the City of Toronto Act, 2006.

Most of the Planning Act changes are now in effect except for the zoning and site plan control fee refund provisions, which are due to come into force on January 1, 2023. However, I am committed to bringing forward legislation to delay the effective date of the fee refund changes from January 1, 2023 to July 1, 2023. These legislative changes would be introduced in the new year.

In the event that any fee refunds become due to applicants before these legislative changes are made, municipalities might consider not issuing refunds in the interim given my express commitment to introduce legislation that, if passed, would retroactively cancel the requirement.

You can find more information about Bill 109 on the Environmental Registry of Ontario ([019-5284](https://www.ero.on.ca/019-5284)), and the Ontario Legislative Assembly [website](https://www.ola.on.ca/).

Bill 23, More Homes Built Faster, 2022

Bill 23, the More Homes Built Faster Act, 2022, was introduced on October 25, 2022, and received Royal Assent on November 28, 2022.

To support More Homes Built Faster: Ontario's Housing Supply Action Plan: 2022–2023, Schedule 9 of Bill 23 made changes to the Planning Act. Schedule 1 of Bill 23 also made similar changes to the City of Toronto Act, 2006 related to site plan provisions. Schedule 3 of Bill 23 made changes to the Development Charges Act.

The planning-related and municipal development-related charges changes came into force on November 28, 2022, except for provisions related to removal of planning responsibilities from certain upper-tier municipalities, certain provisions related to parkland dedication, and exemptions from municipal development-related charges for affordable and attainable housing, which will come into force on a day in the future to be named by proclamation. Provisions related to Conservation Authorities will take effect January 1, 2023.

Bill 23 also made changes to legislation led by other ministries. Please see Appendix A for an overview of the effective dates of the Bill 23 changes by schedule.

Appendix B

Bill 3, the Strong Mayors, Building Homes Act, 2022 and Bill 39, the Better Municipal Governance Act, 2022

As a result of Bills 3 and 39, changes were made to the Municipal Act, 2001, City of Toronto Act, 2006 and the Municipal Conflict of Interest Act, and regulations were established to give the mayors in Toronto and Ottawa strong mayor powers to help advance shared provincial-municipal priorities, including building new homes. These powers include:

- Choosing to appoint the municipality's chief administrative officer,
- Hiring certain municipal department heads, and establish and re-organize departments,
- Creating committees of council, assigning their functions and appointing the Chairs and Vice-Chairs of committees of council, and
- Proposing the municipal budget, subject to council amendments and a head of council veto and council override process.

The mayors of Toronto and Ottawa can also use strong mayor powers related to provincial priorities. These include:

- Vetoing certain by-laws if the mayor is of the opinion that all or part of the by-law could potentially interfere with a provincial priority,
- Bringing forward matters for council consideration if the mayor is of the opinion that considering the matter could potentially advance a provincial priority, and
- Proposing certain municipal by-laws if the mayor is of the opinion that the proposed by-law could potentially advance a provincial priority. Council can pass these by-laws if more than one-third of council members vote in favour.

The provincial priorities for the purposes of strong mayor powers are prescribed in O. Reg. 580/22 and O. Reg. 582/22 and they are:

1. Building 1.5 million new residential units by December 31, 2031.
2. Constructing and maintaining infrastructure to support housing, including, transit, roads, utilities, and servicing.
