Ms. Hawkins,

Please accept this correspondence in reference to the East Ferris Internet Advocacy Group (EFIAG). If you can forward this letter to the Mayor and Councillors, that would be greatly appreciated.

Note that we are not requesting a delegation but rather are asking that the letter be discussed at a future council meeting and a formal response be provided to us based on these discussions.

If the Mayor or any of the Councillors want to follow and contribute to the discussion, they can like and follow our group on Facebook @east.ferris.internet.advocacy.group or via Twitter @efiag2.

Thanks in advance.

Mike
