Re: Birch Hill Rd, Corbeil ON

Having listened and watched the council meeting of July 14th we became aware that our road was taken over (5 years ago) by the municipality. This was a surprise to us.

If a presentation similar to the One Mile Road Assoc. made would be of value to council to take over maintenance of Birch Hill Road, we will endeavor to make it happen.

Councilor Loughheed's suggestion that all 4 roads should be looked at in the same light as they all have the same issues, i.e. road maintenance, ditching, snowplowing, recycling and garbage pickup. The liability issue is also a major concern for us.

Awaiting your response,
