Good afternoon

Please find attached my completed application form. I know that at the bottom you requested a form for each committee but the information on the form was relevant to both.

I would be extremely honoured if you would consider my help on the committees of:

Planning Advisory

Economic Development

I look forward to hearing from you.

Best regards,

A

-Background with land development. Worked on development projects from the Planning Phase through occupancy. Municipal office is an important building in East Ferris. It needs to meet the demands of today, but must be designed for the future. I bring with me my experience with large building developments. Relationship with ministries and working with provincial policy. Can held the municipality understand certain requirements which may be required to construct the building.

**LIBRARY BOARD
(4 MEMBERS REQUIRED)**

1	Christine Joly	Returning for this term
2	Emily Weiskopf-Ball	Returning for this term
3	Elisha Sloan-Keats	Returning for this term
4	Joyce Effinger	<p>New applicant: 420 Nosbonsing Park Road, Corbeil, ON</p> <ul style="list-style-type: none"> - Passion for reading, the library role in the internet age is to do more than provide reference materials and books, storing and sharing knowledge. Former activities include North Bay Regional Health Centre Board, Library Photography club, Bonfield Fall Fair, volunteered teaching computer skills to children -Experience leading projects and motivating successful teams and students, 38 years of experience teaching adults college and industry-level computer courses, flexible, creative and people oriented.

Library Board Application Form

Last name: Effinger

First name: Joyce

Address: 420 Nosbonsing Park Rd. Corbeil, ON POH 1K0

Telephone: 704 -477 -1277

Email : effinger@vianet.ca

I have been a resident in this area since: 2007

1. Please explain why you are interested in becoming a member of the Library Board?

I have a passion for reading, and love to spread the love of books. I also love this community and would like to help the library and staff make our library the best one in the north. Elisha Keats suggested she thought I would be a good fit.

2. What do you think the Library's most important roles are for the community?

I think the library role in the internet age is to do more than provide reference materials and books. Yes, storing and sharing knowledge are base functions of a library, and unlike the internet, a librarian can help someone critically analyze the information they seek! But to remain relevant we have to engage and be a part of the social life of the community as well. It's critical to listen to community needs and look at the larger plan for our area to see what roles best suit the library now and in the future.

I for one would love to continue to have our library as a place that supports the life-long learner – whether you are retired and want to join a club to learn to play an instrument, or a person new to the community who wants to learn about our area history, or someone who regardless of economic status needs to access resources. If I had to pick one banner statement.... education in a friendly, social environment.

3. Please list former and current activities and accomplishments in the community – school groups, neighbourhood events, service clubs, other boards etc.

North Bay Regional Health Centre Board – 2009-2011

Library Photography club – 2014-2015

Bonfield Fall Fair – organized a board game tournament(2016), car show (will be doing car show for 2019)

In previous community (Cambridge) volunteered teaching computer skills to grades 1-6 for 10 years. (Hespeler Public School)

4. What experience, education or skills do you bring to the board?

I have attached my resume. To highlight, I am now retired, but my career encompassed many related skills. I not only taught, but also created a new certificate for Ontario Colleges in microcomputers that is still offered. I am a computer professional, with a great deal of database experience, and I was the technical support and IT planner for a library in Homewood Health Centre for 14 years. My accounting skills mean that I understand how to read a budget statement. Having run my own business I understand some of the challenges of business and how to attract and retain clients. In addition, I worked at the Waterloo Public Library for three years as a teenager (1975-1978).

5. What are some of the problems or challenges facing libraries?

Making sure that not only are we relevant in the digital era, but that we are seen as being relevant!

Ensuring funding is adequate to support our role in the community (I have a number of fund raising ideas!)

Attracting and retaining high quality staff like Connie and Jennifer.

6. Please list two references

Skills

Experience leading projects and motivating successful teams and students in a hospital and community college setting.

Thirty-eight years of experience teaching adults college and industry-level computer courses.

Flexible, creative, and people oriented!

Employment Record

Sole Proprietor – Maple Cove Consulting (2008-2018)

- Contract instructor for CTS Canadian Career College in North Bay. Taught accounting (Quickbooks, Simply Accounting), computer courses (Microsoft Office Word, Excel, Powerpoint, Access, PC Troubleshooting, Outlook, WordPerfect), job search, business communications, OHIP billing and medical office procedures courses to both full time students and industry clients.
- My business also provided remote project support for clients such as Homewood Health Centre. Sample project - designed the technical framework for their Intranet portal.

Senior Systems Analyst – Homewood Health Centre (1994-2007)

- Created and delivered training programs to staff and the community. Generated revenue for Homewood by training in partnership with Conestoga College. This let me continue in my relationship with the college and also provide certification to participants for programs I offered at Homewood!
- Successful projects included the planning, installation and support a hospital-wide network, introduction and support of solutions for office administration, intranet, payroll, timekeeping transcription, OHIP billing, and scheduling. I led teams for a wide variety of departments (pharmacy, nursing, marketing, accounting, environmental services, materials management, etc.), and introduced the use of branch management tools and the internet to support 9 associated nursing homes.
- Developed many departmental procedures and documentation standards, introduced and managed the help desk, managed budgets to 300,000 dollars.
- Recipient of both individual and team awards for customer service, quality and continuous improvement projects.
- Provided DBA support for numerous software solutions on SQL platforms, IBM midrange databases, Progress databases. Programmed and supported custom database solutions for some business units.

Consultant - R.J.E. Enterprises - Cambridge (1983 - 1994)

- My business provided industry, government and educational institutions with customized training, and developed and delivered quality courseware. Originally Homewood was a customer. Customers included Ford Canada, RBC Dominion Securities, ComDev, Guelph Hydro and others.
- I partnered with Conestoga College to co-ordinate both their continuing education computer offerings in 22 labs, and designed their training and development computer courses. Responsibilities included budgeting, scheduling, hiring, training and supervising other instructors, and writing content for the courses, course calendars and marketing materials. Achievements included the introduction of a Ministry of Education approved Microcomputer Application Certificate. In the Training and Development department, I grew the business from sharing one lab to filling seven labs of 18 seats 12 hours a day, which provided a contribution to overhead above costs of over \$200,000 per year. I also purchased, installed and maintained stand-alone and networked computer labs for T&D.
- In this period I wrote 29 course manuals which were used for courses at Conestoga college and in industry, and developed and taught all levels of software packages such as Windows, Microsoft Office, Project, DOS, WordPerfect, Lotus, dBASE, BASIC, network software, and hardware.

Programmer Analyst - Technical Support Manager for Victor Canada (1982 - 1983)

- Supervised the technical support and training department, provided support and training for branches and dealers across Canada. Responsible for custom modifications of software packages for major accounts.

Programmer Analyst - S.B. Jeffries Computer Consultants (1982 Contract)

- Programmed, installed and supported a multi-user accounts payable and general ledger system in COBOL for Steed and Evans.

Programmer - Pannill Veneer (1980- 1982)

- Sole programmer responsible for developing and maintaining accounting and payroll applications.

Volunteer work

2009-2011 Board of Directors for North Bay General Hospital through move and amalgamation to North Bay Regional Health Centre. Served on the Quality of Care and Resource Allocation and Utilization committees.

Education

Wilfrid Laurier University (September 1976 - April 1980)

- **Honours Bachelor of Arts - Psychology Scholarships awarded 1977, 1978, 1976 Deans Roll of Honour, Teaching Assistant for Cognition and Learning**
- **Computer Minor - Computer Courses included Fortran, APL, BASIC, PL1, Pascal, Logic, Database Design, Computer Simulation (audit)**

Waterloo Collegiate Institute (September 1972 - April 1976)

- **Secondary School Diploma. Awards included Lear Siegler Prize for Highest Standing in Grade 12. Highest standing in Economics and Law**

Continuing Education

Adult Educator's Certificate at Canadore College (2008-2010)

- **Adult Educators Certificate – Canadore College –completed this five course program with an A+ average. Courses included Adult Learning, Curriculum Development, Assessment and Evaluation, Instructional Techniques, and Adults with Learning Disabilities.**

Computer Related at Conestoga College of Applied Arts and Technology (1987-2006)

- **Advanced COBOL, COBOL, RPG2, Micro-computers, Micro Hardware, Ventura Publishing, Supervising a Novell Network, Data Communications, PC Maintenance, Visual Basic, C Programming, Linux**

Other Professional training (1980-2007)

- **SQL Server DBA (Learning Tree)**
- **Project Management Certificates (Canadian Management Center of American Management Association International)**
- **numerous courses in Windows / Novell / Linux, software specific courses from Kronos, Centricity Pharmacy, Showcase Strategy, Maximo, BDM.**

Business Related at Wilfrid Laurier University (1985-1986)

- **Business 101, Accounting 201 and Organizational Behaviour**
