**Subject:** Paving of Lavigne rd

Dear East Ferris Township Council,

I am writing regarding Living Road. It appears that only a short section leading to Mr. Degagne's new development is scheduled to be paved, while the heavy truck traffic from his quarry further down the road continues to cause serious damage and create large potholes.

If the Township is paving this road primarily for Mr. Degagne's benefit, then it should be negotiated with him to also pave the road all the way to his quarry. Since he chose to establish the quarry and his trucks are the main cause of the damage, he should share in the cost of paving the road — not leave the entire burden on the Township and the other residents.

I respectfully ask that this be addressed fairly. Many residents feel the Township is prioritizing one property owner's project while ignoring the needs of the rest of us on Living Road.

Thank you for your attention to this matter. I look forward to your response.

Sincerely,

Shawn Simis
