ANALYSIS/OPTIONS

Submissions were received from the following contractors:

Selection and use of the equipment will be based on:

- Satisfactory review of CVOR, WSIB, liability insurance, and equipment condition;
- Equipment bundling and availability/response time;
- Equipment class/size needed on a project-by-project basis; and
- Contractor’s work-related experience.

Only the rate for the requested equipment is shown on the attached equipment rental reference table; however, some contractors provided rates for additional equipment not listed.

Respectfully Submitted,
