

November 6, 2024

Dear Community Partner,

We are emailing to inform you of space that is currently available in Near North District School Board Schools.

As you know, the Near North District School Board (NNDSB) values cooperative, collaborative, and compatible facility partnerships. These partnerships benefit the Board, students and community while optimizing the use of public assets owned by the Board.

The Ministry of Education developed the [Community Planning and Partnerships \(CPP\) Guideline](#) to encourage school boards to reach out to community organizations to share planning information with community organizations on a regular basis. The NNDSB has incorporated the intent of this guideline into the [NNDSB Governance Manual](#) Governance Policy GP 212.

The following is a list of currently available space/classrooms in schools:

Argyle Public School	700 square feet
Britt Public School	1400 square feet
Mattawa District Public School	700 square feet
Phelps Central School	1400 square feet
South Shore Education Centre	1400 square feet
Whitestone Lake Central School	700 square feet

Please access the link to [Available Space: Partner Information](#) on the NNDSB website for information about the process and deadlines to propose partnership in these spaces. Eligible partners must submit applications according to the guidelines by the end of the first week of January 2025.

Questions or concerns can be sent to Lesley Marshall at Lesley.marshall@nearnorthschools.ca
