Hello Monica

I am requesting a letter of support from the municipality to be sent to our public school trustee Greg Barnes. Educational opportunities are important to local business and professionals like myself that need to recruit other professionals to the area. The more opportunities we have to sell the diverse programs of our community to others, the more likely they are to move to our community.

I would be happy to explain to Council at the next meeting how lack of educational opportunities affected my office specifically 5 years ago.

The International Baccalaureate program is an asset to recruit talent globally and should be saved. It is accepted by our Nipissing University as well as Universities across the globe.

Thank You
Dr. Peter Fuzy
