Robin Allen, Interim Chief Administrative Officer, Secretary Treasurer

**To:** The Chairperson and Members of the Board of Directors,

North Bay-Mattawa Conservation Authority

**Origin:** Hannah Wolfram, Regulations Officer

Githan Kattera, Regulations Officer / Water Resources Coordinator

**Date:** January 2, 2025

**Subject:** Report on Ontario Regulation 41/24 and Ontario Regulation 686/21

#### **Background**

On April 1, 2024, the *Conservation Authorities Act* was amended, and Ontario Regulation 41/24 (Prohibited Activities, Exemptions and Permits) was enacted. Within this regulation, a CA may issue a permit to a person to engage in an activity specified in the permit that would otherwise be prohibited by Section 28 if, in the opinion of the authority, the activity is not likely to affect the control of flooding, erosion, dynamic beaches or unstable soil or bedrock and that the activity is not likely to create conditions or circumstances that, in the event of a natural hazard, might jeopardize the health or safety of persons or result in the damage or destruction of property.

Ontario Regulation 686/21 (Mandatory Programs and Services) was amended on April 1, 2024 to include annual reporting requirements for CAs. Further to section 8.1 of the regulation, NBMCA is required to prepare and publish (on the NBMCA website) an annual report outlining statistics on Section 28.1 permits, including reporting on its level of compliance with the requirements of O. Reg. 41/24, respecting the application for and issuance of permits, including any associated timelines.

NBMCA staff are committed to providing positive and transparent client service and undertaking efficient reviews of permit applications in accordance with legislated timelines and service standards. In 2024, the timelines outlined by O. Reg. 41/24 for Section 28.1 permits were met or exceeded by NBMCA staff for 100% of applications. Some key statistics from 2024 include:

- average permit processing time of 8 calendar days (from the time an application was deemed complete to the permit being issued)
- 40% of all permits were issued in 5 calendar days or less and 70% were issued in 10 calendar days or less
- The median processing time for a permit in 2024 was 7 days

The table included in the *Analysis* subsection of this report outlines the annual mandatory reporting requirements to be published to the 'Governance' and 'Section 28 Permits' sections of the NBMCA website in early 2025.
