Good morning Andy,

Thank you for the information. So, there is no aerial spraying occurring in East Ferris/Ferris TWP correct?

Jason

Subject: Planned Aerial Herbicide Tending - Nipissing Forest

Hi Jason,

Following up on our phone conversation this afternoon regarding the MNR Notification that you received pertaining to aerial herbicide application on the Nipissing Forest (Crown Land).

The web link that the District included would have been this one: https://nrip.mnr.gov.on.ca/s/published-submission?language=en_US&recordId=a0zOM000003DQxRYAW. Here you will find the MNR/MECP approved project plan and overview map of planned blocks.

Alternatively, you can navigate to our company site that is specific to the 2025 aerial program:

<https://www.nipissingforest.com/herbicide>.

Instructions are there to find maps. At the bottom are additional links of research and our Integrated Pest Management Policy.

You will see that the closest planned block to Ferris Twp is in the southeast corner of Lauder Twp.

Let me know if you require additional information,

Andy Straughan, RPF
