Mayor Rochefort and Council
25 Taillefer Road
East Ferris

Dear Mayor and Council,

The Board of Directors of Seniors Villa East Ferris met last night and wished to express our appreciation to East Ferris Council for their continued support by providing a full property tax exemption on all of our properties for the duration of our funding agreements with DNSSAB. This will free up funds as we prepare for an expected onslaught of asset renewal over the next few years.

The cost of services for our facilities is increasing dramatically also, as we are certain you are aware. We are constantly looking for ways to reduce expenses and receiving services in kind rather than funds to pay for them seems to be more achievable than outright funding.

Snow removal, snow plowing and lawn maintenance are all services that the Municipality has staff capable of providing, yet may have a minimal affect on your own budget concerns.

We would be grateful if Council could discuss these services again and consider where they can actively contribute more to the housing issues in East Ferris.

Thank you for all you have done already.

Donna Maitland
